

2011 MENTORING PROGRAM

PRESENTED BY DEB SHEPPARD

LEVEL I

Namaste,

One of my greatest passions is assisting others in awakening their sixth sense. Living a spirited life allows you to use your intuition so you can listen to your guides, follow your heart and live life to its greatest potential.

Every human is created with the ability to connect with their inner soul and listen to the guidance of Spirit. However, with our life experiences, old beliefs, grief and fear, it can hinder our ability to trust and listen to our own natural talents.

This program was created so you can explore all the possibilities that your inner guidance can provide throughout your life. Each one of us is designed with our very own GPS; Guided Psychic System that allows us to live a spirited and authentic life. The Intuitive Mentoring Program is not designed just for the individual who may choose to become a professional psychic. It is for anyone who wants to exercise all resources that they have within themselves to better understand how to hear from their soul (vs. just their head) and live a more authentic and balanced life. We provide a safe environment that allows one to develop and expand on all levels—from the novice to the expert.

Those that will support you on this journey are creative, highly intuitive, loving and have the highest levels of integrity. These individuals have been working alongside me for years and have been through each program. They understand and have taken this journey and their professional backgrounds allow them to bring experience and guidance that will not compare to any other program.

I believe being part of a spirited community is one of the greatest and safest opportunities to reach our full potential and to bring more peace and unity to our communities. You will have access to many individuals that will support you during the months that you are in class, as well as full access to my assistance. (This includes cell phone access to me and other mentors.)

Please take time to read through the elements of this program and then listen with your heart. Ask yourself, “Is this the path I should follow? Is this the right time in my life to challenge myself to live more fully in Spirit?” The intense work can be challenging, but the rewards are life changing. Life is ever-changing and having the tools, support and guidance make these transitions in your life easier to understand and embrace. You don’t have to do it alone; know that you are fully supported and guided in this journey. Next year at this time, you will be able to ask yourself what you want from your life and have the inner guidance and confidence to answer that question.

Thank you for taking time to review and consider if this program is right for you. It is wonderful that you are taking a serious interest in your spiritual life. You will know if this is the right choice for you.

Blessings,

Deb Sheppard

- We ask that you attend your assigned group; however if you have a conflict, you may attend the other group's class.
- Payment by cash, check (made payable to Deb Sheppard), or credit card through PayPal is accepted.
- If you are unable to attend a class, payment is still required.
- See Payment Agreement for details.
- In order to build your support group, **it will be necessary** to work with others in your group.
- Dress comfortably; bring a snack and items for meditation (pillow and blanket).
- A binder/journal and a pen/pencil to record information are recommended.
- Some books will be required for reading which can be purchased, obtained at the library or borrowed; a reading list will be provided.
- Cell phone numbers for me and other mentors will be provided ensuring full support during this time.

This intense program will guide the person with a desire to step into his/her true path. It will provide the answers so you can **begin** the next chapter in your life. There will be support and guidance during these months.

Since we are all on a journey, we need to remember that each student shares different experiences. An open mind and an opportunity to exchange ideas, allows all of us to have a wonderful experience to learn and grow. My mission is to allow you to see your true soul, trust in yourself and find your Spirit. This journey has no limits.

LEVEL I TESTIMONIALS

Below are testimonials from students who have completed the Level I Mentoring Program.

I was excited and skeptical when I began the Level I mentoring program. The skepticism ended with the first class and I don't believe the excitement will ever end. Deb is an amazing instructor. I can never thank her enough for giving me the tools to understand and then completely change my life. Deb and the other instructors took me out of my comfort zone and gave me the confidence to pursue whatever I want. There were many times that it was tough for me to initiate the changes I desired, but I trusted Spirit and Deb's guidance. She always provided a positive nurturing environment. I now can honestly say I am in love with my life, I smile, I'm happy and I am so grateful...I recognize every blessing, I trust my intuition. I do energy work, I meditate and oh how I love to manifest. Life is great! Thank you Deb, Jan and Billy. Betsy R.

Deb is one of those wonderful teachers who is here to empower her students so they can further help raise the vibratory level of this planet. While realizing we all learn at different rates, she makes it clear up front, that she puts no limit on how far we choose to go with this process. Her intuition and sense of humor has lovingly guided us all. I am grateful to be one of her students. My personal growth has been accelerated which has enabled me to be a more intuitive and spiritual person on a soul level. I am honored to have been chosen and would not be the person I am today or gone through the shifts that I have had if it not have been for Deb's attentive insight and loyalty to bringing out the best of what she knows we can be. Rebecca H.

The Level I Mentoring Program has profoundly changed my life. The class has provided me the tools to live a spirited life and to accept and be true to my spirit. The friendships I have made have been so wonderful and so supportive. I truly love all of them. I know I walked into your class, a scared and confused person who felt the world on my shoulders. I now understand the lessons and can handle life's journey with a support system of angels, masters, spirit and friends. Jacqueline B.

I went into this program not knowing what to expect in terms of how it would be taught. The best way I can describe it is to say it was a journey – a journey of growth, letting go, opening my heart and healing. I came out of this course stronger, healthier, more grounded, and much more in touch with my intuition. I would recommend it to anyone who is seeking long-term personal growth and a more profound connection to their Spirit and intuition. Ruth N.

In the 9 months I spent in Deb's Mentoring Class, I feel like I've learned more and "changed" more than I ever did after taking years of spiritual-related classes in the past. Deb is a kind of no holds barred kind of instructor, she tells it like it is—the type of instruction I've been searching for. She and her team offered unlimited support and guidance. Deb is the absolute best in her field, bar none! And that's the truth! Karen E.

I am a recent graduate of Deb Sheppard's Mentoring Level I class. This class greatly expanded my world. I acquired an understanding of myself that now encompasses my life purpose, past lives, and sacred contracts. This richer understanding permitted healing, opening to receiving and a greater joy in my life. This in turn has led to greater trust in intuition, connectivity to my guides and lifelong friendships with my Level I tribe and mentoring support persons. For me, this class was a beginning of a journey that will guide the rest of my life in new and exciting directions. I would recommend this class to others who are open to having their world expanded and with opportunities of new astonishing life paths. Brad G.

After taking this program, I feel as if I have stepped into the warmest brightest light after being in Deb's Mentoring Class literally changed my life....most profoundly how I view myself and others. Deb has a divine gift for teaching and reaches into your soul to help you see who you can be and then helps you achieve those goals. I have always known I was intuitive and Deb taught me how to listen to all of my "six" senses. Chris P.

If you are attracted to this Level I Mentoring Program, there's a reason! It was a very exciting and interesting year; well worth the time and expense. Sometimes I would look at the upcoming agenda and think, "How could I ever learn this in one session?" I was continually amazed, and I learned to quit asking that question! Level I is a great overview of many things, and the bond with your group is lasting. I highly recommend this wonderful experience. Katherine P.

I really got the opportunity to grow through the Level I Mentoring Program. Deb helped me see what areas of my life were blocked and counterproductive, and then she gave me tools to work through those blocked areas. Then I began to feel like there wasn't anything in my life I couldn't handle. For that I am truly grateful. Christen R.

Having just a slight idea what I was getting myself into, I started with a great deal of excitement. I had never meditated, was clueless as to what chakras were, and was unsure of but did believe in psychic abilities, mainly in others around me. Deb's classes are perfect for not only those new to a spiritual journey, but also those who wish to journey further. I now look forward to meditating, can clearly feel what areas of my chakras are not balanced, and have found that listening to my gut instinct or that little voice in my head is part of my psychic abilities. With Deb's encouragement, I have found myself listening and acting on those instincts and have found life to be much less stressful and a sense of peace. Others have commented on even a change in my appearance since taking the class. However, the best part of the class is the friends that you make and time spent baring your soul. All of us came away with a clearer understanding of ourselves and a support system that was totally non-judgmental. Deb's class was more than I hoped.

Meditating mat: \$15.....Class Registration: \$1,250...Extra books on spirituality: \$80 Impact of completing Deb's class: Priceless..... Denise A.

These Level I graduates as well as others may be available to discuss their experiences with you. If you feel that speaking with alumni will be helpful, let me know and I will do my best to handle the arrangement. Everyone walks away with a very different experience. There is no comparison as to what each student understands or feels at the end of the program. Everyone is unique as each experience. What I find is that the individual who completely commits to the program has a more powerful shift and a better experience.
